2 Commandments of Unionism:

1. Put God first
2. Love thyself - when you truly love yourself, you are honoring yourself and loving yourself, and when you are doing this, you honor and love God.

Opening Prayer by Jeff & Shaleia

I am the only child of God, forever part of Him.
I am created by Him in Perfection, and there I always remain.
My mind is my sanctuary where I keep His Holy Creation sacred.
I will only allow in His Voice. I will only accept His Word.

Today I will hear the Word of God.
I surrender myself to His Teachings through His Divine Channel.
I will honor what He has spoken and accept it as His Will.
I will be obedient to His Word, for this is my Salvation.
In Christ's Name, Om Amen.

Closing Prayer by Jeff & Shaleia

Father, I accept Your Word into my heart.
I will honor Your Will in my life and will follow You
without hesitation anywhere You ask.
I know you guide me into Your Heart, where I belong.
I accept that You are everywhere, and your teaching is in
all things.
God, I know you provide me clarity in this teaching of
Union that I may be forever in Union with you.

I accept that You are in me as You are in my brother.
I will not deny my brother Your Word and will share
Your Teaching with Him in any way You ask, and only as
You ask.
For when I share my salvation with him, I fully claim my
salvation and return to You with him.

In Christ's Name, Om Amen.

*Speaking this prayer in your heart means you have
accepted that you are on the path of awakening to
your true Divine nature. This is what it means to be a
Unionist. Follow the teachings of Union with God
wherever you find them and purify your consciousness
into Perfect Union with your Creator.*
